Summary

I am a programmer, specialising in the Web development arena. For the last 9 months, I have been developing web apps using HTML, CSS, Bootstrap, JavaScript for Front-end and Node Js & Laravel framework for server side development.

I'm currently employed as Web developers Team Lead at Coding solution 24. And evolving my skills day by day in the field of Web development.

Something that I love about programming is the opportunity to work with people from a wide range of disciplines. The web development life cycle involves working with so many different people and departments and, as a people person and someone who loves to build new relationships, it's great to be able to come together with other professionals who are striving towards the same goal.

Experience

Web Team Lead

Coding Solution 24

Jul 2022 - Present (10 months)

Coded websites using HTML, CSS, JavaScript and jQuery languages.

Developed server-side logic in PHP and Laravel framework.

Built APIs and data clients to consume APIs.
