Abdul Wali Khan

Full Stack Web Developer | Laravel | Python
Peshawar District, Khyber Pakhtunkhwa, Pakistan

Summary

As a skilled web developer with a background in Laravel PHP framework and WordPress, I bring a unique set of abilities to any project. With a Master's degree and a growing interest in machine learning, I am constantly expanding my skill set and seeking out new challenges.

My education and experience have also led me to explore the exciting world of machine learning. I am currently studying machine learning and deep learning, and I am excited to bring this knowledge to my future projects. I believe that the integration of machine learning into web development can lead to even more powerful and personalized user experiences.
