Umair Khalil

26 years old
Full Stack Developer / Laravel + MERN Stack @ Bookme.pk

Summary

Accomplished Software Engineer with 4 years of experience in developing and delivering products and solutions across E-commerce, Logistics, and FinTech. As a Full-Stack Software Developer passionate about collaboration, I bring hands-on experience in both back-end and front-end technologies to create responsive web applications. My expertise in product management and ability to write readable, reusable code make me a valuable asset to any team. In addition, I am open to new ideas and possess strong communication and collaboration skills. I am not just a coder, but an adept team player.

Programming Languages: PHP, JavaScript
Web Development: HTML5/CSS3, Bootstrap, ReactJS, NextJS, VueJS, NuxtJS, NodeJS, ExpressJS, Laravel
